

Now Do you really want to see
me as you have said, I always
go to see every body who like me,
I always have a good word for
them but I have a better word
for you for I believe what
you have told me to be true,
always write to me and you will
get ~~and~~ answer, I will always
love you as I fancy you.

Well I must close for this ^{time}
write soon

You I love and love forever
You may change
But I will never

I Remain
Yours Devotedly
